

Teachers' Resources

Key Work Cards : Landscape & Environment

This set of key work cards relate to and extend National Curriculum topics around the themes of Landscape and Environment. Works included in this pack have been selected from the Tate Collection and are designed to promote thoughtful debate in the gallery or classroom. They contain twelve A4 full-colour cards, each of which present a large full-colour image along with information, suggested discussion points, activities and links to other artworks relating to the themes of Landscape and Environment.

Price £9.99 inc VAT : 10% discount for Tate St Ives Education Friends

Teacher Resource Notes

Tate St Ives produces Teacher Resource Notes to accompany each new exhibition. The aim of the pack is to provide information about the exhibitions, information about key works on display and suggestions of themes and issues to consider and discuss. The pack should help you create an introductory discussion about some of the issues raised by the current displays.

A text only version of these notes can be e-mailed free of charge
