

# Dollies

## 1. Pick up an Ideas Pack.

Explore the **FIRST FLOOR GALLERY** following the guide then when you're bursting with ideas come back to the Studio!

## 2. Pick a Dolly.

- 'Style' your Dolly by dressing it up in clothes. To make the clothes you can draw them on or cut out tiny little outfits, using tracing paper to get the right fit.
- You can customise your Dolly and the clothes any way you like! Go wild!
  - While styling your Dolly you can use tabs on the clothing to hold them in place, but once you are happy with your outfit glue it down so they don't fall off!
